*****WEED FREE HAY REQUIRED*** ALL DOGS ON LEASHES**

Trails: 10, 20 & 30 miles loops. The course is mostly single-track dirt trails with the remainder on old two-track logging roads winding through pine covered mountains, wild horse habitat and green meadows. Generally good footing, and yes, there are some rocky spots. Water provided or from natural sources every 5-6 miles. Terrain is moderate with some long, gradual climbs. Keep an eye out for the gold that bandits left hidden in the hills in 1863 along with their six horses. The remains of the horses were found ... but the gold never was... Weather can vary from cool & dry to hot and humid during the day. Nights are cool at the 5000 ft elevation.

Awards: Completion, Top Ten, Jr & Sr BC (Must be 2 yrs in any given distance for a BC award) and a few fun awards. Saturday and Sunday awards at 7pm.
