Over 80 people attended the 1997 Ride & Tie Association Annual Awards Banquet held Saturday, January 31st at Donner Summit Ski Resort. This is almost double the attendance of past Awards Banquets! The weather at Donner Summit was a concern for many but luckily the heavy snow held off until Sunday.

Before the 4 PM Board of Directors meeting some took advantage of the great skiing at Donner Summit, some went X-country skiing and a small, but venturous group previewed a portion of the Championship course using snow shoes. (The smart ones hung out in the lodge.)

With the inclusion of the membership at the Board of Directors meeting there were many different viewpoints expressed regarding the topics discussed. Discussion of the pros and cons of championship Prize money was perhaps the most widely debated topic. The next Board of Directors meeting will be held April 26, 1998.

The usual Ride & Tie family atmosphere made for a great evening. The prime rib entrée was delicious and there was plenty for seconds for the big eaters.

Besides the standard awards given by the Association a very special hand painted portrait of Dave Andreotti on his horse Grab were presented as an "Inspirational" Award. Dave has demonstrated unbelievable willpower and rehabilitation since his recent stroke. Simply walking would have been considered a fabulous recovery by doctors and yet Dave is doing R&T's again. He truly is an inspiration to us all.

Custom embroidered jackets went to the division winners and a beautiful embroidered horse blanket for the High Point horse: Cinarron, owned by Jim Howard.

The party didn't end with dinner. True to our reputation, the upstairs bar was completely packed until the wee hours of the morning. Dancing, karaoke and spirit consumption were the events of the evening and all were participated in with gusto. The "Singing Melissa's" and the "Two Desperado's" were two of the featured singing groups that night.

Congratulations to all of the 1997 Ride & Tie Association Award winners.

IT'S A RENEWAL RECORD!

To reflect our Ride & Tie Champion ship sponsor Easyboot; 'Get a membership number or get a sense of humor.' Association membership renewals in the past where typically done at one's first R&T of the year. This created a lot of confusion administratively. Last year the Association implemented the issuance of membership cards available directly from the Association to relieve race directors of the huge burden of checking membership status and collecting membership dues.

This year, I am pleased to announce a record number (167) of preseason membership renewals. The Association staff would like to thank all of you who have renewed early and encourage the rest of you to renew prior to your first race. Remember, you must be a current member to participate in a sanctioned ride & tie event.

Here's your new membership card!

If you have become a new member or renewed your membership since the previous newsletter your 1998 membership card would be attached here.

We want to make your 1998 race season as carefree and rewarding as we possibly can. Help us help you. Renew!

CALIFORNIA
HISTORY DAYS

The 1998 Easyboot Ride & Tie Cham-
pionship will be only part of many inter-
esting things happening in Donner Summit on the
weekend of July 10-12. 1998 is the 150 year An-
niversary of the California Gold Rush and to com-
memorate Donner Ski Ranch will host this years' Historic Rendezvous '98.

Plan to settle in for three days of living in
California's history and be the cowboy, Indian,
gunfighter, or wagonmaster you know you
would have been had you traveled west when
California was a dream of hope for many who
came to settle this new land. Mountain Men,
an authentic Indian Village, Buffalo Soldiers,
live entertainment, wagon train rides and
vendors will make for a living history expe-
rience unmatched anywhere. Hang on to
your hat, this promises to be a wild adven-
ture for all who attend. For another his-
torical highlight take a scenic drive on the
Historic U.S. 40 Highway.

Spend a day or the entire three days.
For lodging information and entertain-
ment schedule contact : The Historic
Rendezvous '98 office at (530) 887-9656.

SEEKING NOMINATIONS FOR BOARD OF DIRECTORS

Mary Tiscornia and Jim Steere were
renominated to serve on The Ride and
Tie Association Board Of Directors.
Nominations for others interested in
serving on The Board of Directors must
be submitted by March 31, 1998 to be
included on the ballot for the upcoming
membership vote.

In Memory

Dale Qualls died February 3, 1998 at
the age of 63. He was a past sup-
porter member of The Ride and Tie As-
sociation. He graciously allowed oth-
ers to use his horse (Prince
Shabab) at many local Ride &
Tie's. Dale would trailer his
horse to the races, crew as
well as teach others how to
crew all for the love of the
sport. Dale will be missed by
all who knew him.

Dutch born Adrian "Ad"
Vandenhoogen died January 26,
1998. Ad will always be remembered as
a husband, father, grandfather and for
his tenacity, mental focus and dedication
to promoting the sports he loved. Over
the years Ad promoted and organized
many endurance rides, running and ride
& tie events. He completed ten Tevis Cup
100 mile rides, 20 Ride & Tie Cham-
pionships and many running ultra's includ-
ing the Western States 100.

We will enormously miss his presence
on the trail!

A Note From Mary

A quick note to encourage everyone to take on
mentoring or 'Showin' The Ropes' to new potential Ride &
tie riders.

If you know someone who has a horse you can
explain how doable it is and suggest they give it a try. If
you know runners that can ride or have a desire to learn
hook them up with experienced people.

This is a sport that requires hands on support and
we should all take it upon ourselves to recruit at least one
new person on team.

It's very important both to bring in new and younger
people and keep our membership high enough to maintain
ourselves as a viable sport.

Good luck, good training, and good 'Hunting'.
I look forward to seeing you all soon.

Regards,
Mary

Mary Tiscornia
President
The Ride and Tie Association
For those of you who attended the awards banquet, you will remember the amount of snow that was covering the trails. Well, triple that and you will have an idea as to the depth of the snow as of now. Every foot of snow that falls from now on could affect the layout of the race. It could make the trail extremely hilly and difficult. Donner Ski Ranch, Boreal, and Sugar Bowl have offered their heavy equipment to help in the snow removal starting in May and June, but mother nature may have the last word on this issue and we may end up doing a lot of climbing. So start training on very big and steep hills just in case.

Everything else is coming together very well. Hopefully things will be so much fun that you will not notice how hard the course is. That's about all for now. I'll write a detailed update in the next issue of the News Letter letting everyone know about the latest details. Good training. Jon Root - ERTC Race Director

**WANTED:**

**RIDE & TIE HISTORY**

Are you a ride & tie "old-timer"? If so, start searching through your archives. We need your help to develop a complete history of ride & tie participation.

Our current career mileage records begin with the formation of the Ride & Tie Association in 1988. We are now trying to accumulate career mileage records back to the first Levi's Ride & Tie in 1971. From the archives of Bud Johns, Lon Clearwaters and the McCravy family, we have the following race results:

**Swanton Pacific:** 1982, 1983

We need the following information to help complete our records:

1. The length of the 1977 and 1985 Levi's Ride & Ties
2. Race programs for the 1974 and 1977 Levi's Ride & Ties showing the first names of the competitors; race results are by last name only.
4. Race results from any other ride & tie held during the period of 1971 to 1987 which would have qualified as a sanctioned event
   a. 20 miles or more in length
   b. A competitive event (i.e. not just an invitational practice with your friends)
   c. Conducted under veterinary supervision

If you have any of the above information, please send it to:

Ellen McCravy
318 Swanton Rd.
Davenport, CA
95017

We'd also welcome copies of any news clippings, magazine articles, etc. about ride & tie.

Thanks for your help !!!

**Such Good Friends**

By Ellen McCravy

Most of us are attracted to Ride & Tie because it is such an intriguing sport—so simple on the surface yet so complex and multi-dimensional as each team attempts to optimize the capabilities of all three members. The strategy involved in the sport continues to fascinate and challenge us so we keep coming back to try to do a little better at the next race regardless of whether we finish first or last. The friendships we develop as a result of our participation, however, become an integral part of our love of this sport. Ride & Tie Friendships have a unique quality that withstands distance, insults and winter.

A Ride & Tie Friend spreads rumors about your wild behavior at the last race. You remember having a great weekend but the altitude must have caused you temporary amnesia because you can't recall having that much fun.

A Ride & Tie Friend encourages you to eat a hearty breakfast on race day and events offers to pack you a lunch since he reckons you're so slow that you'll be out there all day.

A Ride & Tie Friend splits all travelling expenses 50-50, even restaurant meals where he orders and consumes three times as much food as you do. When you question the logic behind his math, he says that since he's the faster runner on the team, you should pay more. Now you really question his math.

A Ride & Tie Friend locks you in the portable toilet five minutes before the start of a race and tries to steal your partner and horse.

THE RIDE AND TIE ASSOCIATION

ANNUAL AWARDS PROGRAM

The annual awards program was designed to recognize individuals who are outstanding participants both in terms of their excellence at ride & tie and their support of the sport through their frequent participation in races throughout the year. The system was originally used by Lew Hollander in the Ride & Tie Gazette to spread recognition over “the long, the fast and the durable”. Awards are based on points earned at Ride & Tie Association sanctioned events during the season running from 01/01 to 12/31.

1. High Point Individuals (Top 10): Individuals who accumulate the most overall points based on total number of starters in each race; can be with any partner or any horse.
2. High Point Teams (Top 5 in each division-man/man, man/woman, woman/ woman): Teams of the same two people that accumulate the most points in their division, based on the number of starters in their division in each race. Teams may use any horses over the season.
3. High Point Horse (Top 5): Horses that accumulate the most overall points based on total number of starters in each race; can be with any teams.
4. High Mileage Individuals (Top 5): Individuals who accumulate the most mileage in sanctioned events throughout the year.

Ride & Tie Point Structure
1 point per mile + 1 point per team passed + bonus points = total points earned

This basic point structure is applied to both overall points, based on the total number of starting teams, and to division points, based on the number of starters in each division.

Bonus Points: For less than 10 teams:
1st place = 50% X (miles + teams passed)
2nd place = 25% X (miles + teams passed)
3rd place = 12.5% X (miles + teams passed)

Bonus Points: For 10 or more teams:
1st place = 100% X (miles + teams passed)
2nd place = 90% X (miles + teams passed)
3rd place = 80% X (miles + teams passed)
4th place = 70% X (miles + teams passed)
5th place = 60% X (miles + teams passed)
6th place = 50% X (miles + teams passed)
7th place = 40% X (miles + teams passed)
8th place = 30% X (miles + teams passed)
9th place = 20% X (miles + teams passed)
10th place = 10% X (miles + teams passed)

A Ride & Tie Friend is the sole witness to one of those horrifying and humiliating incidents that befalls you during your Ride & Tie career, like when your horse grabs the bit and takes your for an “E Ticket” ride, you get yellow jackets in your shorts or you fall flat on your face in the middle of the trail. You pray he will take this secret to his grave. Instead, he’ll entertain himself and numerous other Ride & Tie Friends by telling embellished accounts of your misfortune for years to come.

A Ride & Tie Friend hands you half a banana out on the trail. You think he’s really generous, a true partner. Months later, he admits a course monitor had given him two bananas. He ate 1 1/2 and saved half for you.

A Ride & Tie Friend offers to let you shower first the evening after a race. When you thank him for his chivalry, he reminds you that he narrowly beat you in the race otherwise you’d have to fight him for the hot water.

A Ride & Tie Friend looks at your horse after a race and asks why you don’t ever make the animal work. He tells you you’re wasting great talent and you should really treat him the horse for the next race so he can show you the animal’s real potential.

A Ride & Tie Friend rides past you on a narrow trail and shows you into a poison oak patch. She apologizes profusely and swears it was an “accident”.

And after a particularly dusty race, a Ride & Tie Friend keeps telling you to wash your face because you look disgusting.

Ride & Tie Friends share water, food, shelter, tents, horses, tack and all sorts of other equipment, transportation, even splitting round-trip airline tickets, bad jokes and beer.

Ride & Tie Friends welcome you, complete with horse in tow, into their homes.

Ride & Tie Friends will take two days off work and drive 1000 miles to attend the last race of the season with you just to ensure that you win a national championship that year.

Ride & Tie Friends stay to crew for you even though it means missing out on the excitement of seeing their other team (the fast one) win the race.

Ride & Tie Friends will stop in the heat of a race to help an injured competitor or block traffic to protect their archival.

Ride & Tie Friends sit up ‘til 2:00 in the morning after a race, sober or drunk, discussing everything from the profound to the ridiculous.

Ride & Tie Friends, each in their own way, encourage you to dream bigger dreams, train a little harder, race a little more competitively.

And after the racing season is over, Ride & Tie Friends are still there to share life’s triumphs and tragedies. They can call you up at work in tears or spend 99 minutes on your long distance phone bill giving you a blow-by-blow account of their latest success. You always listen because you know that Ride & Tie Friends will do the same for you.
