DOG POOP. It seems the obvious, but after years of attending rides with dogs, it must be said. Please pick up your dog poop and dispose of properly. Fling that stuff far away into a non-traffic area. If we catch you leaving your dog poop, we will do our best to publicly shame you.

HOLES: Holes created by pacing horses and digging dogs need to be filled in prior to leaving.

MANURE: Dispose of manure by scattering in low people traffic areas.

TYING: No tying to trees allowed.

VET TREATMENT: Vet treatment between the treatment vet and yourself is a private treaty and must be paid before leaving camp.

FARRIER: There will no farrier on site.

FIRE PITS: No metal or glass trash is allowed in the fire pits. Downed wood and paper can be burned. DO NOT CUT TREES.

TRASH: Plan on hauling out all trash. There are no dumpsters or trash bins available. PLEASE be respectful and clean up your campsite.

- **Footing** – Hoof protection is not required. Trails are sandy, but not deep sugar sand. There are short sections of gravel with access to the sides, no rocks and very little mud. There are several places where caution will be needed when crossing pavement.
- **These are horse trails only and are used by day riders. Please be courteous, slow down and ask to pass.**
- **Forest Service Gates** - Gates will either have a go-around or be open. Be aware of guide/support wires.
