Above is an example of the Ride-N-Tie results spreadsheet:

The Equathon is the same as the Ride-N-Tie.

Fill in:

- Ride name
- Ride manager's name
- Distances for the event. (NOTE: Try to put all distances on one sheet IF there is enough room, if not use a second sheet.) **Always start with the longer distance first.** Note the distance at the far right to indicate *where one distance ends and the next distance starts.*
- Date
- Place – where the team finished 1<sup>st</sup>, 2<sup>nd</sup>, etc.
- Time – the time they spent on course. Example: 4:45
- Division - M/M, M/W, W/W, M/O, W/O, O/O, **use IRON on the Equathon Results form.**
- Junior - If the competitor is a junior place an "X" in the space.
- Competitor One Name
- Gender – M, W, O
- Member # - **Please enter member with the lower number first**
- If the member is new and doesn't have a member number leave it blank.
- Competitor Two Name
- Gender – M, W, O
- Member # - **Please enter the member with the higher number second**
- If the member is new and doesn't have a member number leave it blank.
- Horse Owner name
- Horse's name
- BC – IF the horse won Best Condition, place an "X" in the space.
- If you putting more than one distance on a sheet, please make a note of it as shown above.

## On Line Results Entry:

Click the link: to get started.

The way this works is you enter One team at a time, Follow the directions / answer the questions, after you answer the last question, it will bring you back to the beginning then you can start entering the next team. After you finish each team it automatically sends an e-mail notification to Bob Heltibridle.
